BCWF Legal Defense Fund

Since 1998 all of our BCWF legal battles dealing with the attacks on our constitutional Right to Fish has been conducted through the Sport fishing Defense Alliance. Generally these battles have been successful but the SDA is not adequately funded to do the job now facing us.

The BCWF membership at the Nanaimo AGM (2005) passed a resolution to require the establishment of a legal fund of at least \$250,000. This resolution again was endorsed by the membership at the Dawson Creek AGM (2007). The suggestion that a contribution of \$10 per member will achieve our target is not a requirement but remains a guide. It is encouraging that some clubs and a number of individuals have already contributed substantially and their actions are appreciated.

The time has come for a more structured approach... At the BCWF Board of Directors meeting in June it was decided that the ten regional presidents are to collect \$1000 (that's the target for 2008) from each of the clubs in their regions. It was also felt that the same would be necessary next year. The math: 130 clubs x \$1000 x 2 years = \$260,000
