To whom it may concern;

This is a letter of support for the Nelson Rod and Gun club. We found them to be excellent at communication, super accommodating, great rates and very well organized.

We feel this community needs this type of space and absolutely love that multi-function that their space provides. With an easy access facility, beautiful commercial kitchen, large parking lot and access to tables and chairs, this is a long standing organization deserving of the full support of the Kootenay Boundary.

We would recommend this facility to anyone wishing to have a function, hold an event or need a commercial kitchen.

Aviva Keely, Fair Organizer
