

Friends of Kootenay Lake

Stewardship Society

October 28, 2018

To the Nelson District Rod and Gun Club,

The Friends of Kootenay Lake Stewardship Society would like to acknowledge and thank the Nelson District Rod & Gun Club for their generous in kind contribution of \$140 for two events we recently held at the Mickey McEwen Memorial Hall.

In addition to the rent reduction we understand there was a potential for disruption to the indoor range use by NDR&GC members.

The community members attending our workshop on Nest box building, in collaboration with Selkirk College Students, were well served by your generosity.

Thank you.

Warm regards,

Claire Pollock-Hall
